

Printable Wrap-Around Cable Labels

Our self-laminating thermal-transfer barcode printable labels are ideal for curved wires and cables. These wrap-around labels are provided with a clear laminate that is applied over the label that protects them from abrasion, scratching, and chemical exposure, and allows them to withstand temperatures up to 150°C/302°F. UL and c-UL (CSA) recognized, they also comply with ROHS/Regulation 2002/95/EU.

SKU#	Total Label Size Inches (W x H)	Total Label Size mm (W x H)	Printable Area Inches (W x H)	Printable Area mm (W x H)	Core	Labels/Roll
